Teleconsultation services are arranged through AXA Assistance USA and are provided by a third-party teleconsultation provider.

Please note that coverage is subject to your issued policy, which may include deductibles or coinsurance. If you are unsure about your coverage, contact your claim administrator.

Helpful Tips When Seeking Medical Support

- Always contact the 24/7 assistance hotline so we can help coordinate care and provide payment to the vetted medical facility, when possible.
 - If a medical provider requires you to pay out of pocket, keep all documentation like medical reports, bills, and receipts to submit a claim for covered expenses.
- (!) **Please note:** For coverage- and claim-related questions, our travel assistance experts at AXA can provide your claim administrator's contact information. AXA does not process or adjudicate insurance claims.

Through Chubb Travel Assistance, you have access to a global team of security specialists that can help you stay informed, stay aware, and get to safety if conditions are escalating. Key services include:

- Safety advice or guidance from a security specialist for civil unrest, natural disasters, or political instability
