

Global Study Plan - Semester

This form does not register for you for classes.

This form is a planning tool to assist you in identifying study abroad programs that align with your academic goals.

Instructions:

1. Identify your remaining degree requirements to take while abroad and complete the section under Degree Evaluation. Please contact your **academic advisor** should you need guidance identifying your open degree requirements.
2. Students are expected to enroll in a combination of Major or Minor courses, Core courses, and Elective courses at an appropriate level of instruction, and are expected to be academically engaged at least 4 days per week while abroad.
3. For program specific academic information, review the respective program brochure pages and the associated **Database of Approved Courses**. Remember to click the arrow next to the course code to see transfer equivalency information.
4. Select a study abroad location that best meets your academic needs and identify courses that fulfill your remaining requirements from your degree evaluation.
5. Bring the completed form to an **academic advisor** for consultation and discussion.

Completed forms should be scanned and uploaded to your Study Abroad application by **December 1**.

Name: _____ Student ID: _____ Declared Major/Minor _____

Program Location: _____ Term Abroad: _____ Year of Graduation: _____

Degree Evaluation	Database of Approved Courses
Identify the open requirements from your degree evaluation you plan to take abroad. Please include Attributes.	Using the study abroad program brochure page, identify the courses (and backup) that fulfill the open requirements.
Major or Minor Requirement	Foreign Course Title & Code <i>From Database of Approved courses. Click on the arrow next to the foreign course code to view transfer details.</i>

	Course 6: Backup:
	Course 7: Backup:

Please Explain Why You Have Selected These Courses Abroad:

Please Explain Your Back Up Plan if These Courses Are No Longer Available During Registration Abroad:

Responsible Engagement:

All students studying abroad are encouraged to engage with the host community of their study abroad location, through local service and volunteer opportunities, as well as through joining local clubs and organizations.

How do you plan on engaging during your study abroad program? Please list the local opportunities you have researched and intend on participating in at your selected location.
